

CLICK Analogue Darkroom Digital Studio

CUA3III5 Certificate III in Visual Arts

COURSE INFORMATION

DESCRIPTION OF COURSE

The course offers inspirational classes and workshops to improve your skills as a photographer. Whether you are a just starting out with your camera, need to improve your technique, or simply want to revitalise your passion for photography this course was developed for you.

The course has a practical focus and covers both digital and analogue photography processes and techniques. Individual needs and the personal aspirations of learners are catered for.

Delivery is face to face incorporating practical, theory and workshop sessions. Our subjects are comprised of units of competency especially selected to provide students with the unique skills and knowledge to produce a portfolio of stylised photographic images. Subjects were designed to cover a variety of contexts and use a range of learning strategies to develop skills.

Activities are based around photographic exercises incorporating set workplace tasks or projects, job briefs, group discussions and the production of a photographic portfolio. As well as completing individual projects, students participate in practical workshops, demonstrations, excursions, presentations, group discussions and self-evaluation exercises.

Visit our website for more information.

LENGTH OF THE COURSE

This one year course is delivered over four terms for 30 weeks. Students attend two days a week for six hours a day. Students can use the wide range of equipment, materials and studio available and work independently on any other day to experiment, develop skills and knowledge under trainer supervision.

Delivery schedules and subject descriptors are provided at the beginning of the year.

ASSESSMENT

Students are required to develop a folio of photographic images that incorporate completed tasks delivered through the subjects. The tasks will involve practice and experience in fully equipped studios, analogue darkrooms and computer labs. Evidence is collected and feedback provided to students on an ongoing basis.

The assessment of a student's overall competence will be undertaken by a qualified assessor and competence judged using a set of nationally determined criteria.

Students will be given a fair and adequate assessment process and includes the option of a re-assessment. If students are still not yet competent after the re-assessment then a fee will be charged, this will be the same as for RPL.

ELIGIBILITY AND PREREQUISITES

Satisfactory completion of VCE or VCAL Senior Certificate, with a demonstrated interest in photography related subject areas is necessary for this course. There are no prerequisites for the units of competencies delivered in this qualification.

Students must complete an application form and bring a folio to an interview to demonstrate their commitment and interest in the area.

PATHWAYS

This course prepares people for vocational training and higher learning in professional art and photography practice.

LICENSING, LEGISLATIVE OR REGULATORY CONSIDERATIONS

No licensing, legislative, regulatory or certification requirements are applied to this qualification at the time of endorsement.

COURSE FEES

A materials fee of \$2200 covers the cost of all materials needed to successfully complete the qualification.

ENROLMENT PROCESS

You can make an appointment for a tour of the facilities or talk to staff on 94785816.

All applications for the course are made directly to the college. Download the application form from www.ncat.edu.au/applications or www.pic.org.au. You will receive confirmation of the application when it is received. We will contact you to arrange an interview to discuss and show your work, visual diaries, sketchbooks, storyboards and any support material for consideration to enter the course.

Enrolment is held at the college. Literacy, language & numeracy is tested on enrolment to establish individual needs.
