

CUA20615 Certificate II in Music Industry Course Information Brochure

Description of Course

This qualification provides students with the knowledge and skills that will enhance their employment prospects in the music industry. The NCAT course covers a broad range of skills used in the industry including music rehearsal and performance techniques; basic sound recording processes, planning and creating compositional work, maintaining instruments, and planning, staging and performing at events. On successful completion students are eligible for recognition of up to three units in VCE at units 1 and 2 level.

Activities/Tasks

This course includes practical and theory linked to the industry. Students complete activities in groups and as individuals. There is a strong emphasis on group activity which include

- Singing or playing simple musical pieces for group performances.
- Rehearsing and performing
- Using and maintaining instruments
- Using software to record and compose
- Planning and performing at events
- Applying Occupational Health and Safety processes across all aspects of music making.

Assessment

Assessment methods include oral and written presentations, performances, projects, worksheets, tests, practical demonstrations and participating in discussions. The assessment of your overall competence at this certificate level will be undertaken by a qualified assessor and your competence judged using all of these criteria. All training resources will be provided upon payment and enrolment. Students will be given a fair and adequate assessment process that includes the option of reassessment where appropriate.

Eligibility and Prerequisites

Entry into this course is by audition and interview. Some background in basic aspects of music is recommended, along with a willingness to work on performance. If you have any individual needs please contact NCAT to discuss these needs and the options available to you.
